SPECIAL THANKS:

The design and much of the text of this report is based on Health Status by Race and Ethnicity: 2005, prepared by the Office of Public Health Assessment (OPHA), Center for Health Data. For acknowledgments of contributors to the 2005 version of the report, see: <http://health.utah.gov/opha/publications/raceeth05/RaceEth05.htm>

Many people throughout the UDOH and other Utah organizations contributed to this report through review and revision.

Also, thanks to the contributors to the IBIS-PH Indicator Reports, which supplied much of the information needed to complete this report. Visit IBIS Indicator Reports at: <http://ibis.health.utah.gov/>
